The Enhanced *my*PLTW Experience

*Visit **pltw.org/e3** to stay up to date*

As part of PLTW's E3 - Empowering Educational Experiences initiative, **all students and teachers will transition to the enhanced myPLTW platform in the 2025-26 school year.**

Key Dates

* **MAY 9, 2025 |** Preview access and learning modules will be available within myPLTW for PLTW Engineering, Computer Science, Gateway, and Launch.
* **JULY 1, 2025 |** Full student and teacher access available.

Current links and any notes you've saved within Courses will expire **July 1, 2025.**

To ensure a smooth transition:

☐ Copy and save any notes you've added to your curriculum for future reference.

☐ Make a note of anywhere you currently link to Courses. These links will no longer work after **July 1, 2025**.

☐ Visit **PLTW Knowledge Base** for support on linking Courses content to your school's LMS.

☐ Schools that use more heightened security for content and web filtering may need to review the **myPLTW Network Allow List** and ensure that all websites listed are allowed.

Benefits of the Enhanced myPLTW Experience

* Greater insight into student activity.

* No more endless scrolling.

* Improved communication with students.

* Student materials, facilitator notes, and answer keys can be found in one place.

Access Support When You Need It, Where You Need It

① Short, self-paced learning modules will be available within myPLTW starting **May 9, 2025**.
